

BEYOND THE SHADOW OF A DOUBT...

Whether your fleet is hauling perishables, manufactured goods or people, knowledge of vehicle and driver performance is essential for fleets to survive and prosper in today's economic climate.

The **ZEPCO ZTR9200** Trip Recorder provides indisputable data you need to make better decisions, control costs and improve productivity of every vehicle in your fleet. Here's why:

- The **ZTR9200** is an on board Trip Recorder that features the Intel® microprocessor for processing of data.
- The **ZTR9200** provides "Point and Click" access to data via Microsoft® Windows.™
- Touch Memory Driver Identification functions instantly when driver touches coded key button to Touch Port located on front panel of **ZTR9200** Trip Recorder.

ZTR9200
Trip Recording System

Look at the benefits to your fleet! The ZTR9200:

- Reduces fuel and maintenance expense
- Extends life of tires and brakes
- Lengthens engine life
- Helps lower accident rate and insurance costs
- Furnishes basis for driver incentives
- Improves driver contribution to cost control and productivity.

Everything you need to know!

The **ZEPCO ZTR9200** Trip Recorder provides information as detailed as you want and need, or summaries that management can review in minutes to gain decision-making information that can affect your fleet's operating costs. The **ZTR9200** is so afford-

able you cannot afford to operate without it. Call us today for more information or to arrange a demonstration:
